SUMMARY:

Skilled in Python, R, and Java programming languages, complex data analysis, and statistical modeling including linear and non-linear regression, machine learning, and deep learning using TensorFlow and Keras. Received my Bachelor of Science in Mathematics (Data Science) with a minor in Computer Science from The University of Nebraska-Omaha where I graduated Magna Cum Laude. Now working toward my Master of Science in Data Science at The University of Texas-Austin. While attending school I work part-time in the Mathematics Center at Metropolitan Community College (MCC) in Omaha, NE.

EDUCATION:

The University of Texas Austin – Austin, TX
Current - 08/2023

- Master of Science in Data Science

The University of Nebraska Omaha – Omaha, NE
08/2018 - 05/2022

- Bachelor of Science in Mathematics (Data Science)
- Minor in Computer Science
- GPA of 3.9 (Magna Cum Laude)

Metropolitan Community College – Omaha, NE
12/2017 - 08/2018

- (Transfer) 3.76 GPA

Engineering Intern, Omaha Public Power District – Omaha, NE

05/2019 – 06/2019

- Collaborated with engineers daily, gaining insight into real-world projects
- Gained experience using PLS-CADD modeling software

Production Line Worker, Lozier Corp. – Omaha, NE

01/2017 - 12/2017

- Quickly became a team lead prospect
- Served as Safety Captain for the plant.
- Performed inspections of structures to ensure their structural integrity

EXPERIENCE:

Sales Associate, Target – Bellevue, NE

11/2019 – Current

- Requires advanced people skills to effectively engage with Target guests
- Work with guests toward finding right solutions to their concerns
- Demanding environment requiring decisiveness and attentiveness

Mathematics Associate, MCC – Omaha, NE

09/2018 – Current

- Continually developing new ways to express ideas toward efficiently solving problems
- Guide students through complex mathematical processes
- Dynamically adapt to each student's individual learning needs

SKILLS:

- Regression Analysis
- Python
- R
- Java
- Data visualization
- Machine learning
- TensorFlow
- Predictive analytics
- Data Structures

INDEED ASSESSMENTS:

Analyzing Data - Expert

09/2022

- Interpreting and producing graphs, showing trends, and drawing justifiable conclusions from data
- Full Results: [Expert](#)
